1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mike Neustel on 06/07/2004.

The application has been amended as follows:

- Cancel claims 1-10.

2. The following is an examiner's statement of reasons for allowance: The prior art neither anticipates nor make obvious applicant's claimed invention. Specifically, the prior art does not disclose a method of aligning a gun in which an inflatable support bag adjusts a front or rear portion of the gun.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art cited on form PTO-892 are cited as of interest to show similar gun alignment systems.
